

Kyranna Fardi

Architecture & Design

I'm a dedicated **Architecture** student at Aristotle University of Thessaloniki with a strong passion for **design**, **creativity**, and **problem-solving**. Alongside my studies, I've gained valuable experience in customer service, administrative roles, and reservations management, which have enhanced my **organizational skills** and **adaptability**. I've also explored **creative fields** like media production, participating in TV commercials and photoshoots, where I developed an eye for detail and learned to communicate ideas effectively.

My main interests lie in **urban design**, **sustainable architecture**, and **restoration projects**, and I'm excited about creating spaces that are both **functional** and **inspiring**. Combining my academic background with practical experience, I'm eager to contribute to **innovative architectural projects**.
